

HIRING

Assistant Ice Technician (Seasonal: Part-Time or Full-Time) @ Callie Curling Club

Key Responsibilities:

- Assist with preparation of curling ice surfaces, including pebbling, scraping, nipping, and flooding
- Monitor and maintain ice conditions throughout daily play
- Perform regular ice maintenance and seasonal ice installation/removal
- Help maintain ice plant equipment and report any issues or repairs needed
- Help maintain proper temperature, humidity, and air quality in the ice shed
- Assist with setup and takedown for events, leagues, and bonspiels
- Follow all safety procedures and maintain a clean, organized work environment
- Provide excellent service and respond to member feedback regarding ice conditions

Qualifications & Skills:

- Previous ice technician or arena experience is an asset but not required (training can be provided)
- Strong attention to detail and consistency
- Ability to work flexible hours, including early mornings, evenings, and weekends
- Physically capable of lifting, standing, and working in a cold environment
- Mechanical aptitude and problem-solving skills are an asset
- Reliable, self-motivated, and team-oriented

Compensation:

- Competitive hourly wage based on experience
- Opportunity for training and development in ice making

Why Join the Callie Curling Club?

Be part of a community-focused club that values quality, teamwork, and a great curling experience. This is a hands-on role where your work directly impacts every game played on the ice.

How to Apply:

Please submit your resume and a summary of your experience or interest in ice making to manager@callieclub.com
